Mr. Sampson Burning Refuse, Which the Fire Spreading And By the High Wind Igniting to the Garage 25 Feet Away

Fire entirely destroyed the garage and contents,consisting of Lincol touring car valued at$5000and two trucks yesterday afternoon at 2:30 o'clock at Eldora, the property of Grant Sampson.

Mr. Sampson had been busying himself a few hours previous to the fire in raking up a portion of his farm and gathering the refuse in one large heap. He then burned it and when he thought the fire had just about extinguished itself he left the scene. However, the high wind prevailing whipped the smoldering embers into flames once more and the fire spread to the garage located about 25 feet distance. hen Mr. Sampson discovered the fire the garage was fast being consumed. Fearing the danger of the adjoining buildings he put in an alarm to Donora, who responded with two trucks. Although nothing could be done to save the garage, the fire department prevented its spread.

The Lincoln car carried an insurance of $4,000 but the two trucks, formerly used in the delivery of coal, had recently been sold, to be delivered yesterday aftrnoon. When the new owners arrived on the scene to claim their property they found them a total loss.

HOSPITAL HEADS HOLD A SESSION LAST EVENING

Last night the Building committee named by President John B. Schafer of the Charleroi-Monessen hospital directorate, met in the Municipal building with the entire membership of nine present.

In the proposition of the $150,000 fund to be raised for a new hospital building, the committee reported progress. Among other things it is purposed to erect the new structure on the site of the old, and remove the present building to be used for home for the nurses.

It was decided to meet conjointly with the Chamber of Commerce committee, the Councilmanic committee, and the Borough Planning Commission (if it is elected at the meeting of council next Tuesday night) at the Borough building on Friday night of next week to further perfect plans for the proposed hospital structure.

Thieves Scared Away Near Axleton Town

An attempted robbery was frustrated Thursday evening about 11 o'clock at the home of Mike Zorski, near Axleton, when two men, both of whom are thought to have been masked, were frightened out of a bedroom on the [illegible] floor, by Mrs. Zorski, who was alone in the house at the time.

The thieves entered the home, which was entered by way of a window.

Mrs. Zorski was alone in the house when she heard the vandals. She ran to the home of a neighbor, where her husband was visiting. The burglars fled on the arrival of the husband of the woman, and the neighbor Zorski secured a revolver in an adjoining room and fired two shots at the retreating forms of the men, who ran down the tracks of the Pittsburgh & Lake Erie railroad.

Zorski has taken tehmoney, which the robbers failed to find and which was in the house at the time of their visitation, and invested it in real estate.

Waters of Three Rivers Are Steadily Rising Due To A General Storm

Pittsburgh, March 29—(United Press)—The weather bureau today predicted that the Ohio river would reach the flood stage of 22 feet by tomorrow.

At the mouth of the Allegheny and Monongahela rivers today at 11 a. m. the water was 16 feet and rising.

Torrents of rain draining from the mountains into the head waters of the river combined with the affect of the general Spring thaw are responsible for the flood menace.

Connellsville, March 29—(United Press)—The Youghiogheny river has reached a flood stage of 16.8 feet and is overflowing its banks. More than a score of houses in the lowland district here are flooded and the residents of the river front are vacating their homes, moving their furniture to high ground.

Cumberland, Md. March 29—(United Press)—The business section of this city is flooded today. Railroad traffic is halted by the washout and persons in many nearby towns were forced to go to the hills

CLUE BREAKS THROUGH MYSTERY OF SLAIN WOMAN

New York, March 29. — (United Press).—A definite clue has broken through the cloud of mystery befogging the murder of Mrs. Maud Bauer last Tuesday in Staten Island with the discovery of a bullet-pierced Ford sedan in a garage at Lynnbrook, L. I., by the police.

The automobile is reported to have been left by a swarthy man wearing a brown overcoat and hat on the day the pretty woman's body was found shot and gashed on the roadside. The description answers that of "the dark man" sought as the driver of the machine who gave Mrs. Bauer a "lift" when she was seeking assistance for her stalled automobile.

Detectives investigating the bullet-riddled Ford are said to have found a .25 calibre pistol bullet embedded in the running board. Mrs. Bauer was killed by the same calibre bullet.

A piece of white cloth, apparently part of a woman's belt, was found under the seat. The cloth appeared to have been torn from a garment. Detectives will know today whether the fragment was part of the dress worn by the slain woman.

FORMER MUSICIAN DIES IN WHEELING

Word has been received in Charleroi of the passing of Miss Anna Katherine Rensel, daughter of Mrs. Rose Rensel, of Wheeling, W. Va., which occurred at the Ohio Valley hospital, Wheeling, Tuesday evening, March 25, at 9 10 o'clock. They came to North Charleroi from a little town in the state of Illinois, and on debarkation, [illegible] and father. But the woman evidently did not notify the husband the probable time of the arrival of herself and babies. Frantic with grief, and unable to speak a word of English, Policeman Jack Thomas was summoned, and as he can speak fluently three or four languages, he talked [illegible] woman in Polish, and learned her story. The woman was escorted to a hotel in Charleroi, while search was made for the husband and father. Jack sent the oldest boy, a lad of about 16 years, to the Lock, and fortunately, his father, who lives on Lock Hill, was seen by the son, and soon the family was reunited.

Policeman Thomas is receiving the congratulations of his friends in being enabled, through his linguistic ability, in locating the husband of the woman.

TWO COLORED MEN ARE IN THE HOSPITAL AS DANCE AFTERMATH

As an aftermath of a dance of the Athletic Association held in the assembly hall on the mill property of the American Steel and Wire mill of Donora, two colored men, Edward Locker, aged 32, of 240 Compton avenue, Donora, and Henry Scott, of 491 Seventh street, Donora, are in the Memorial hospital suffering from bullet wounds, inflicted, it is said, by Buster Scott, brother of the latter. The shooting occurred at 1:15 o'clock this morning, an hour after the dance had come to a close in the restaurant of Loines & Ritzer, corner of Sixth street and Meldon avenue, Donora.

According to the story told by the police, Mrs. Buster Scott took offense at the dance because Locker bumped into her and after the dance accompanied by her husband, went out searching for Locker. When they found him in the restaurant a heated argument ensued, resulting in Buster Scott drawing a revolver and begin-

JOINT MEETING IS MOST ENJOYABLE

There were approximately 85 members in attendance at the joint meeting of the Fourth division of the Self-Denial class [illegible] and the Sunday School class taught by Mrs. F. C. Stahlman, held in the Sunday school room of the Washington Avenue Presbyterian church last evening. The Self Denial class held a box social and the members of the Men's Bible class purchased the boxes from them, thus rasing a nice sum for their extensive church work. The committee in charge, composed of Mrs. F. B. Smith, Mrs. Harry Pearson, Miss Olive Taylor, Mrs. S. A. Swearinger, Mrs. William Darby, Mrs. Albert Wessell and Mrs. L. R. Tope, served ice cream and coffee to the entire assemblage.

The musical and literary program presented by the Men's class was greatly enjoyed. The feature of this program were the violin selections rendered by Fred W. Cooper, hale and hearty man of over 80 years of age, who also gave a very interesting talk of his experiences while traveling in a stage coach to the state of California many years ago. The evening was a most enjoyable one.

League of Women Voters to Learn How They Stand On Important Matters — State Chairman States League's Position

QUESTIONNAIRES TO 1,000

Mrs. Miller Says That League Wants to Abolish Poll Tax; Put "Teeth" In Assistance-to-Voters' Clause, And to Extend Its Provisions

An aggressive state-wide campaign in behalf of the legislative program of the Pennsylvania eague of Women Voters was started today when questionnaires on the subject were mailed to the upwards of 1,000 Republican and Democratic candidates, all over the Commonwealth for the 1925 State Legislature.

Announcement of this move, preliminary to the primary and the legislative struggles of the coming session at Harrisburg, was made by Mrs. John O. Miller, chairman of the Pennsylvania League of Women Voters at the League House, 1725 Spruce street, Philadelphia. The program will be pushed forward by the 40,000 active members of the league.

"Encouraged by the success of the hard-fought battle in favor of a vote this fall on the question of calling a Constitutional Convention, which was won in the 1923 session at Harrisburg by the women voters, a supreme achievement in legislative work," said Mrs. Miller, the state chairman, "we are preparing thoroughly in advance to secure abolition of the poll tax; to put "teeth" in the assistance-to voters' clause of the primary election law; and to bring about a revision of the county tax and assessment laws in counties outside of Philadelphia to the end that assessments will be fairer and exorbitant fees for collection will be cut down."

Mrs. Miller explained that every effort would be made to obtain answers to the questionnaire before the date of the primary so that voters would know how candidates for legislative nominations stood on the question at issue. "Having knowledge of the position of the candidates," said Mrs. Miller, "voters could be guided accordingly in making their selections in the primary election." Replies of candidates to the questionnaire will be published in Philadelphia, Allegheny and all other counties.

LOCAL CATHOLICS TO AID SCHOOLS' DRIVE

In preparation for the beginning of the $3,0000.000 educational campaign of the Pittsburgh diocese of the Roman Catholic church, tomorrow, in which St. Jeromes church will take active part, an enthusiastic meeting was held last evening in the church. Rev. Father McCarter, of St. Mary's of the Mount church, Pittsburgh, and Allysious Crall, associate editor of the Pittsburgh Catholic, were present and addressed the assemblage. Solicitors, numbering 40 men and women in the local parish, were organized with John Henrion and Mr. Minahan as captains of the two teams. Final instructions will be given the teams Sunday afternoon at 1 o'clock at a special meeting.

The campaign will begin tomorrow and continue until the following Sunday. During this time it is expected that every member of the congregation will be called upon and the allotment of $10,500 raised in pledges of annual payments for the period of five years. It is hoped the Charleroi parish will be not only able to reach its apportionment, but will be able to go over that sum.

This diocesan-wide campaign is the result of the rapid growth of the church in Western Pennsylvania, especially in this district. There are little mining and industrial towns, little farming hamlets in the ten counties of the Diocese of Pittsburgh, that are poverty-stricken spiritually, and in dire need of schools and churches. Bishop Boyle expects to erect schools at these points and establish the faith into the lives of the Catholic people there, who have been without its influence on account of the lack of spiritual advisors.

Monongahela has a woman, Mrs. Mary Aellio of Park avenue, who is the mother of eight children. She claims that the only way she has of earning a living for them is through the sale of liquor. The mayor of the city, H. T. Billick, in placing the woman on parole, has ordered a thorough investigation be made of the case.

Patrolmen of the city, under the direction of the chief of police, searched the house and found a quantity of moonshine. Mrs. Aellio stated that she had purchased the concoction from a bootlegger paying $7 per quart.

The woman's husband was murdered about two years ago, and his murderer was later apprehended in Italy. He will be brought to the United States to face the charge of murder in the courts of this county.

She is the mother of eight children, and one of the older daughters was committed to the care of the juvenile court some time ago for incorrigibility. When the woman appeared before the mayor, five of the children were with her. Mrs. Aellio is on the pension list, but stated that [illegible] received was too small to support herself and family.

WOMEN AND POLITICS.

A Southern editor suggests that "if English women are granted the right of suffrage they will swing the balance of power, for the women of England exceed the men by one and a half million," and adds that Englishmen "do not want to take a chance with 'petticoat government,' although it might in many respects be an improvement over that of the man-made variety." British women of 30 and over received the grant of suffrage before the 19th amendment gave that right to American women generally, and as their political activity as shown in their [illegible] much greater than that of American women, there may be Englishmen unwilling to "take a chance" by the adoption of the proposition to extend the suffrage to younger women between the ages of 21 and 30, thus increasing the women vote.

But, judging by American conditions, there is little ground for such apprehension. It seems probable that the great majority of British women are like the great majority of American women in being indifferent to and uninterested in politics. An article on this subject in the February Atlantic Monthly by a woman, and another in the March Century by a man, agree in holding that, as a result of wide investigation, the bulk of American women are not only averse to activity in politics, but are not even interested in public affairs. There is one only one women member of Congress and there are only 63 women among the 5000 members of our State legislatures, though possibly one reason for such a showing is to be found in the further discovery that "women will not vote for women." Obviously there is nothing in the American situation to frighten the British opponents of the extension of the suffrage to women in the twenties.

YES, WE HAVE NO BANANAS.

As Henry W. Longfellow might have written it, but didn't.

Yes, we have no bananas,
We have no bananas today;
But the merciful powers than plan us,
Will not let us faint by the way.
Instead of bananas they send us,
String beans and onions galore-
With cabbage and scallions they tend us,
And succulent fruits by the score.
They send us old-fashioned tomatoes
As red as the red of your mouth;
They send us Long Island potatoes,
To fry as they do in the South.
Oh, merciful powers than plan us
With hearts of thanksgiving we say
Oh, yes, we have no bananas,
We have no bananas today!

Only a fool thinks he is indispensable.

On a certain Sunday morning the negro pastor noticed a new attendant at the church.

When the meeting was over, the preacher made it his business to speak to the newcomer.

"Erastus," he said, "this is the first time I have seen you at church for a long time. I'm mighty glad to see you here."

"I had to come," replied Erastus. "I needs strengthenin.' I'se got a job whitewashing a chicken coop and buildin' a fence around a watermelon patch."

Correct this sentence: "Yes," said the mother. "We gave him a knife for Christmas and he hasn't cut a finger yet.'

WOMEN TO QUESTION THE CANDIDATES

(Continued from First Page)

The five questions on the League's questionnaire, together with notes of explanation, are:

"(1) Will you, as a member of the State Legislature of 1925, support and vote in favor of a bill to revise the county tax and assessment laws in the interest of fairer and equalized assessments and of eliminating costly and extravagant collection methods?

[illegible] ches and conclusions of the Tax Revision Commission will be introduced. It will follow the plan of the Marshall and Ludlow bills of the 1921 and 1923 sessions. You are asked if you will take a stand in favor of fairer assessments, efficient and economical collection and against those [illegible] interest is in unfair and often exorbitant fees pocketed by tax collectors).

(2). Will you vote in favor of an appropriation sufficient to meet the necessary expenses of a Constitutional Convention in the event that a convention is authorized by popular vote in the general election this year?

(Note. If the people call for a Convention they will at the same time call for an appropriation to pay its expenses. Delegates would be elected in 1925; the Convention would be held in 1926. Results of the Convention would be submitted to the people in the general election of 1926).

(3). Will you support a proposal to abolish the poll tax as a qualification for voting?

(Note. It is felt that if this tax is required, it should be collected independently of the vote. Tied up with the ballot, it tends to restrict the number of voters. It is expensive in collection and makes for corruption. It is unfair when a voter complies with every other qualification to ask payment of a nuisance tax).

(4). Will you actively support and vote for a bill putting "teeth" in the assistance-to-voters' clause in the primary election law and making it apply to the general election?

(Note. You are asked to stand with those who favor such strengthening amendments as will permit assistance only when actually required; as will halt the wholesale marking of ballots, in the guise of assistance, and as will provide adequate punishment for violators of the law. Assistance to voters too often strikes at the party and secrecy of the ballots)

(5). Will you actively oppose any movement or bill to repeal the law providing for the nomination of candidates in the direct primary?

(Note. Pending the wider and wider participation of voters in the primary, it is well to raise this question, as those desirous of returning to the old manipulated-convention system are quick to assume a lack of interest in the direct primary).

"ANNA CHRISTIE" AT THE MAJESTIC

"Anna Christie," written for the stage by Eugene O'Neil and translated to the screen by that other lover of the sea and artistic realism—Thomas H. Ince—is strictly twentieth century offering. The "Situations" that wreck homes and lives today are almost identical with those that have troubled other ages.

The plot maker finds his scope of invention limited because like likes to repeat. In the past centuries a stilted prudery has encouraged hypocrisy and false modesty. Only in this day and age have playwrights and picture producers had the courage—and audiences the assurance—to dissect stark realism that goes into the making of a masterpiece like 'Anna Christie' behind the footlights and on the screen. This is a First National picture, which will be shown at the Majestic Theatre Monday and Tuesday.

Not for a second does Mr. Ince in his latest picture production permit his audience to escape from realism. Elemental people and elemental passions are the strong meat of this powerful story. He has told it in a rising tempo that bursts into a crescendo of fury in the "great scene" when "Anna" fought over by her father and sweetheart as two dogs would worry a bone, tears herself away from them in a passion of rage and quiets their futile bickerings with the confession of a sordid past, that reduces them to gaping stare, shuddering horror and then murderous rage.

BONE LAWN FERTILIZER.

The very best fertilizer to use on lawns. It contains a large percentage of raw bone and when used on the lawn in early spring will give a beautiful green lawn all during the entire Summer and Fall. Stable or chicken house manure should never be used as a top dressing on lawns, as it always contains large quantities of weeds. We have therefore had prepared for us this special lawn fertilizer, which is clean of all weeds, free from disagreeable odors and is acknowledged by all that have used Grant's Bone Lawn Fertilizer as being the very best for the lawns. It should be soon broadcast early in the Spring or late Fall. 25 pounds to 300 square feet or 2,000 pounds to the acre. When using less than above described, two dressings should be given each year. Many of the best lawn makers prefer using the one dressing in early Spring.

A Good Top Dressing For the Lawn.

A good top dressing for the lawn can be made from the following compost. Apply in September or October twelve ordinary wheelbarrows of garden loam, 25 pounds Lawn lime, 25 pounds fine ground bone, 50 pounds pulverized sheep manure. Mix in a compost pile for one week, then apply. This mixture will dress a section of 2000 [illegible]

In Society's Realm

Miss Aletha LaRue of Second street and William Bennett of Point Marion left this morning on the 9 o'clock train for Wellsburg, where they were united in the holy bonds of matrimony. Following the cremony they will go to Point Marion, where they will reside temporarily with the groom's parents, Mr. and Mrs. William Bennett, Sr. The young couple are well known in the community.

Mrs. Frank Welch entertained fourteen guests at her home in Lookout avenue last evening with a party, at which time she announced the engagement of her daughter, Miss Mary Welch to Dr. Gordon S. Harrington, of Bentleyville. A very delightful evening was spent in games, at the close of which the guests were ushered into the dining room, where a dainty luncheon was served. The table was beautifully adorned for the occasion, the centerpiece being a large cupid doll dressed as a bride, while favors of small bride cupids and corsages of violets were given each guest.

The regular meeting of the American Legion was held at First National bank building last evening. A lengthy business meeting opened the evening's session and at that time arrangements were made to hold a card party in the rooms April 28. Plans were also discussed for the annual poppy sale to be held, during Memorial week. At the close of the business session, the "surprise" committee took charge. The committee was composed of Mrs. Pearl Dornan, chairlady, Mrs. Nell C. Pardiny, Mrs. Mary Lombardi, and Mrs. Mary G. Strauser. They served a "surprise" luncheon in keeping with the Easter tide, appointments being carried out in purple and white.

The musical and literary entertainment given under the auspices of the Boys Home Guard of the Methodist Episcopal church, was largely attended last night, as held in the church auditorium. The program was commendably rendered by those who took part, who were as follows: Crawford family of Allenport, Miss Edith Keys, Mrs. A. G. Lewis, Miss Evelyn Warrensford, Miss Ruth Hillis of Brownsville, Miss Betty Yon, Miss Gertrude Donaldson, Miss Irene Pardiny, Miss Beatrice Paisley, Miss Grace Anderson, Leonard Wolfe, Mrs. Earl A. Nicholson, Mrs. A. H. Bosson, Mrs. T L. Pollock, Mrs. J. W. Ferman and Robert McKean. The proceeds will go towards the missionary work in which the boys have an active part.

Everybody's Remaking Her Home

Never have we seen such interest in the furnishing or refurnishing of the home.

Everyone in this country seems to have concluded that the ideal home is the true basis of an ideal society.

Of course, the window is the natural starting point because everyone sees the window curtains of a home.

For that reason we have made curtain materials and drapery styles the basis of our spring

Home Craft Week March 31 to April 5

We are showing the most delightful curtaining in all grades and have special displays exploiting the very newest thought in decoration.

Decorative Fabrics

To Give the Finishing Feminine Touch Every Home Needs

These are the fabrics that help make the home of dreams a reality. From the world's most famous looms they come—ready to add the finishing touch that makes a house a home.

New Curtains

The new Quaker Oxford Cross nets and curtains are very decorative. In plain ecru or with dainty colored figures. See them before making fall selections.

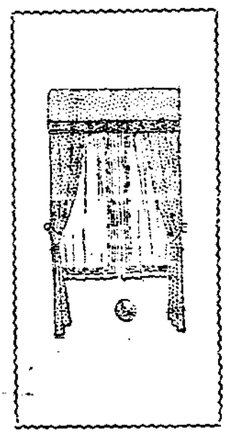
The curtains are $6.95 a pair.

Sunshine Curtain Nets

Just see them—and you'll know why they named them Quaker "Sunshine." Flashes of yellow intermingle with the ecru and fascinate you with their daintiness.

The curtains are $6.50 to $10.75 a pair. All trimmed with fringe.

Many other silk casement nets all the way from 85c to $2.45 a yard.



Quaker Colonial Filet Net

(Sun-proof and Tub-proof)

Here is a curtaining colonial in spirit yet meeting the requirements of the modern window. Its filet net-ground was chosen because filet presents both simplicity and serviceability, typically colonial virtues. Into this ground are introduced characteristic colonial patterns and colorings. At $2.45 to $12.50 pair.

The nets are 39c to $2.35 yard.

Quaker Tuscan Net

A Multi-thread Filet

The multi-thread construction and large mesh filet gives Tuscan Net a decorative quality that makes it unrivaled for rooms with a severe or mannish touch in furnishings or decorations. At $1.00 yard.

The curtains are $5.75 and $7.65 a pair.

Home Craft Week coming just at the time of our Spring Opening in the Drapery Department affords one the opportunity of selecting draperies from the very newest designs and colors for Spring.

THE PLEDGES ARE DUE ON APRIL 1

The first year of the Boy Scout movement in the Monongahela valley ends on April 1, after successfully completing a heavy program of activities and enrolling 21 troops which total 550 boys.

The treasurer of the Charleroi Council was authorized to send statements to all subscribers who had not paid their second year's pledge, which falls due April 1. A letter was also enclosed, expressing to some degree, the work of the Council during its first year. The subscribers are asked to send their checks to the Bank of Charleroi, on or before that date. In addition to the letter sent to those from whom pledges are due, a letter was also sent to all paid-up subscribers, giving them a brief review of the result of Scouting in Charleroi, seeking to acquaint all interested persons with the local work and the necessity for continuing the same on a larger scale.

The Financial committee, headed by C. S. McKean and Mr. Berryman, will call upon all who have not paid their pledges on April 15, and will endeavor to collect all outstanding money at that time. It is hoped that the people will respond heartily and that no unnecessary work devolve on these men, who are, themselves, giving freely of their time and money to the support of this great work among the boys.

What about Costs?

During the past few weeks we have been telling you certain facts about your telephone service.

We have told you about the tremendous growth of our business.

In the last two years we put in nearly 300,000 new telephones and about $50,000,000 worth of new equipment.

We see ahead of us the necessity of putting in about 925,000 new telephones and of placing over $170,000,000 worth of new equipment during the next five years.

All of these telephone growth figures are *gross*. The net gain in each instance is only about half as great, due to disconnections; *but construction costs follow the gross additions.*

There are certain factors in this connection which every telephone user should understand:

1. The expense of keeping telephones and equipment in repair is much higher during a time of rapid expansion when the system is growing by leaps and bounds.
2. The average investment per telephone of our entire telephone plant in Pennsylvania is increasing rapidly on account of the present-day costs of the equipment and construction in this great expansion program.

In order to meet the demands for service, we must continue to attract the new capital necessary to pay the bill. For without the new capital we cannot meet these demands. We must come to you—the people of Pennsylvania—for this new money. And you will not invest your dollars in this business unless the returns are sufficient to pay all expenses, plus an attractive income to you from your investment.

Jury Recommends A Watchman At A Very Dangerous Crossing

The members of the jury impaneled in the case of Celebrina Orsatti, the eight-year-old school girl killed by a train at the Main Street crossing in Bentleyville, brought in a verdict yesterday absolving the train crew of blame, but recommended that the council of the town bring to the attention of the Public Service commission the need of a watchman at this crossing.

The Orsatti child was the second person to be killed at the crossing within about a year. William Johnston,a prominent citizen of Bentleyville, was fatally injured there about a year ago. Numerous other accidents have occurred there.

A committee of citizens of Bentleyville recently met with officials of the Pennsylvania Railroad at Uniontown and presented the situation to them, asking that a watchman be stationed at the crossing during the busy part of the day at least. It was reported that watchmen had been placed on duty but this proved to be untrue, the men being there only for a short time.

Celebrine Orsatti was struck by the train while on her way home from school. She was a daughter of Mr. and Mrs. Michael Orsatti, and popular among the school children.
